### **VAL-MATIC'S AIR VALVE SIZING SOFTWARE**

Don't know where you need an air valve? Not sure what type of air valve you need? Check out Val-Matic's AirValve Sizing Program which is a web-based software program designed to aid in selecting AWWA Air Valves along a pipeline. The program calculates the collapse pressure, slope and gravity flow in the pipe and allows the user to save design information specific to their pump, water pipeline or wastewater force main. Recommendations are then given for Air Valve locations, sizes and model numbers for a pipeline and pump discharge locations. To use the software, visit [www.valmatic.com](http://www.valmatic.com).

#### **About Val-Matic**

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
