VAL-MATIC CAPABILITIES

Val-Matic is a leader in the industry with capabilities dedicated to solving problems and delivering solutions to our customers. Degreed engineers in sales support, production, and R&D departments as well as registered Professional Engineers (PE) with decades of product knowledge and experience can assist in designing systems and processes. Project Managers are trained and certified to deliver large projects on time and on budget. Val-Matic's Addison facility contains a state-of-the-art research and development facility along with a materials lab, a flow lab and a high-pressure air system used to perform full-scale testing of large air valves. Val-Matic also has a team of field technicians to provide start-up, maintenance, and warranty services anywhere across the globe. For additional information on Val-Matic's capabilities visit us at www.valmatic.com.

About Val-Matic

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
