VAL-MATIC ENGINEERING CAPABILITIES

Respected worldwide for quality products, Val-Matic utilizes the latest design and manufacturing technology coupled with close attention to industry requirements. The application of the latest product innovations while maintaining the highest quality products requires the seamless incorporation of advanced technologies in every step of design and manufacturing. We have registered Professional Engineers (PE) with decades of product knowledge and experience that can assist in designing systems and processes in many industries. Our engineers are dedicated to improving the industry by participating in various roles and ASME, MSS, API and AWWA standards committees. For more information on Val-Matic's engineering capabilities visit www.valmatic.com.

About Val-Matic

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
